

PUBLIC NOTICE

CHANGE IN TRAFFIC FLOW AT THE MON DESIR INTERCHANGE AND DELHI ROAD OVERPASS

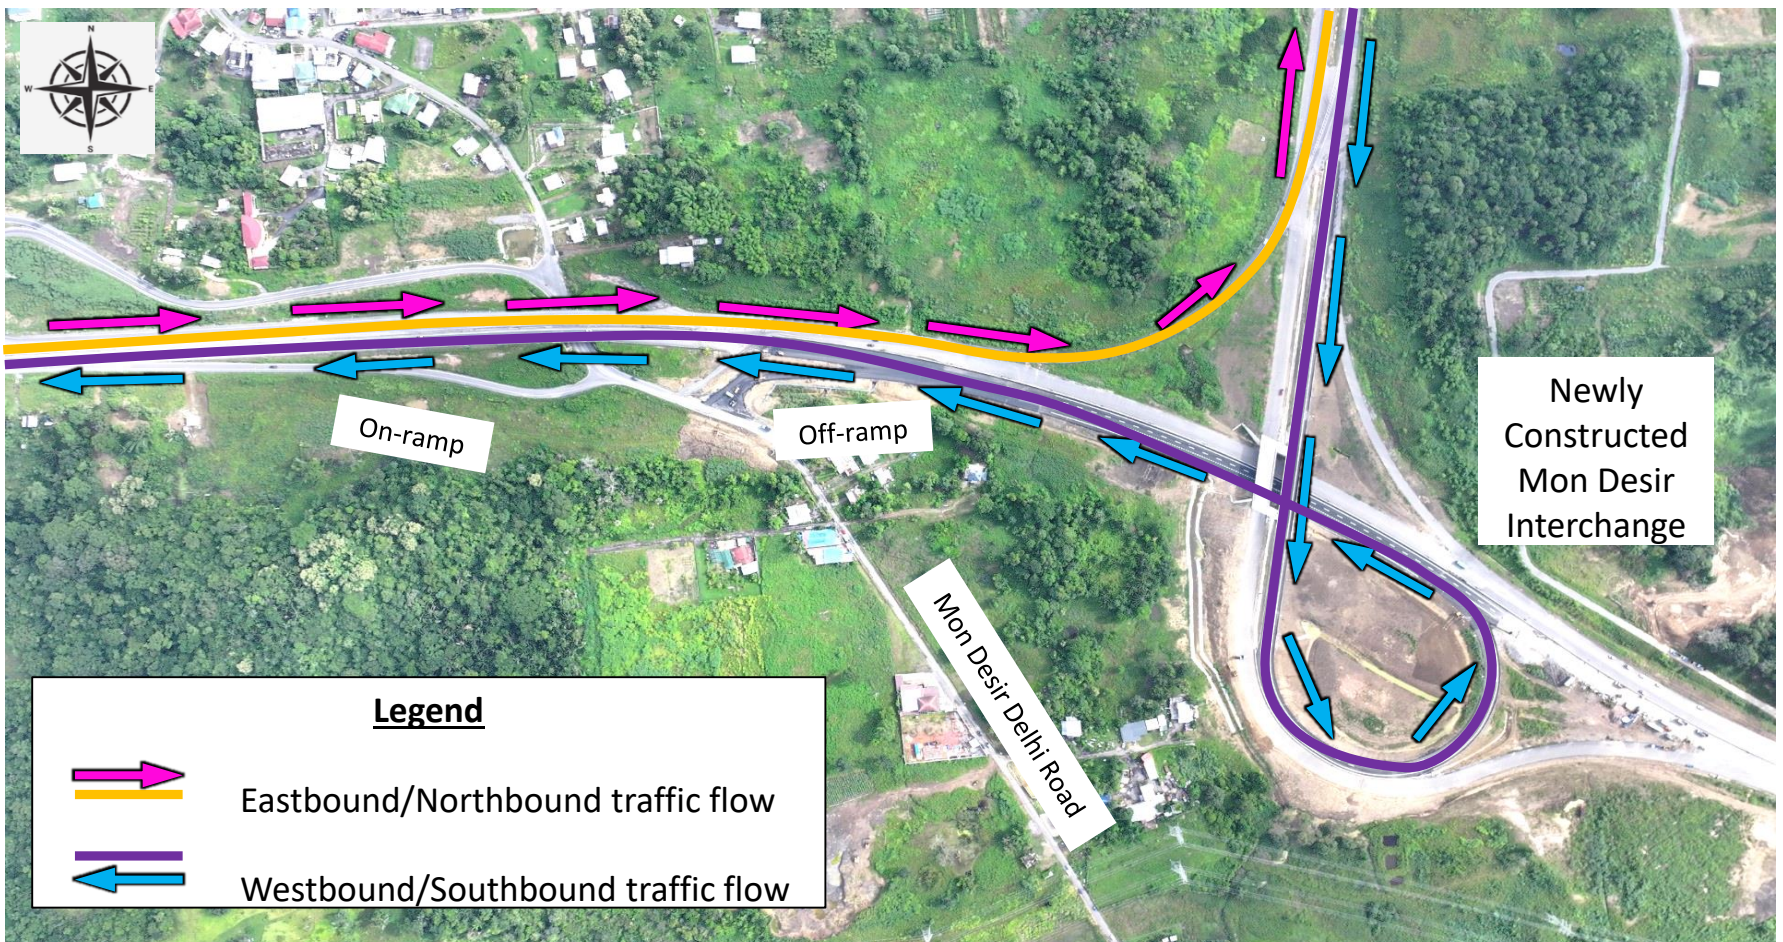

The National Infrastructure Development Company (NIDCO) and the Ministry of Works & Transport (MOWT) wish to inform motorists and residents of the following change in traffic flow along the Archibald De Leon Highway (San Fernando to Point Fortin Highway project) at Delhi Road Overpass, from **October 18th 2024, from 1 p.m.**

Motorists are advised as follows:

Southbound traffic can now use both lanes at the newly constructed Mon Desir Interchange, looping under the Mon Desir Interchange Bridge as it approaches the Delhi Road Overpass and continuing over the Delhi Road Overpass towards Point Fortin. Vehicles needing access to Mon Desir Delhi Road should use the off-ramp at the Delhi Road Overpass. Northbound traffic approaching the Mon Desir Interchange will now also benefit from the use of two lanes for smoother flow. Traffic flow at the Mon Desir Interchange towards Fyzabad will continue to be restricted.

Motorists are advised to comply with the following:

- Proceed with caution and drive at a reduced speed on approaching the work zone.
- Observe all directional signage provided on the approaches to the site.
- Instructions issued by police officers on site to facilitate a safe and orderly flow of traffic.
- Be aware of heavy equipment entering and exiting the site.

The MOWT and NIDCO apologise for any inconvenience caused and looks forward to your kind co-operation as development works are necessary to upgrade the present infrastructure. We appreciate your cooperation and understanding.
